POLICY HIGHLIGHTS

The Asia Executive First D&O Liability policy's wording provides the starting point for protection precisely tailored to our customer's needs. The policy comprehensively addresses critical areas of exposure, including shareholder litigation – direct, derivative and class actions – as well as government investigations. It is particularly responsive to the needs of individual members of the board and management team when their company is insolvent or otherwise unable to indemnify them.

It's everything you've come to expect in a leading D&O policy, plus:

- **Automatic Reinstatement** to reinstate the entire policy should the original limit be eroded by claims.
- Definition of **Insured Person** now expanded to include **Data Protection Officer** under GDPR
- Claims notification period increased to **90 days**

Bespoke solutions: Whether tailoring a specific aspect of coverage, or creating a fully manuscripted policy, the BHSI team can deliver what you need. Our underwriters, claims and legal teams work together to create the solution you want.

For risks that cross borders, broad multinational solutions are available.

- **Pre-Investigation definition** extended to include raid on or on-site visit to Outside Entity and internal investigation conducted by the Company if requested by the regulators following formal notification
- **Emergency Costs** is no longer a sub-limit and can be offered to **full policy limit**
- **Affirmative cover** for reasonable fees, costs and expenses of an accredited expert retained through the Insured's defence counsel to prepare an evaluation, report, assessment, diagnosis or rebuttal of evidence in connection with the defence of a Claim, under the definition of **Defence Costs**
- **Coverage for costs** incurred by the **Company to investigate shareholder derivative demands** or shareholder derivative lawsuits where no demand is made

BHSI's D&O Liability Insurance is part of its Executive First suite of executive liability insurance products – all of which are designed to provide clear, current and customizable coverage for commercial and financial firms, including those with the most complex risk transfer needs.
